MR. HILL'S GREAT SPEECH.

It is not at all necessary to be a partisan or personal friend of Mr. Hill to share the admiration which will thrill the breast of all Georgians over the magnificent oration delivered that night in the representative hall. A complete vindication from calumny, charges of an illustrious citizen—charges made by open enemies without and secret enemies within—can never be a matter of indifference to the virtuous members of a community. Mr. Hill, last night, without a particle of unwaranted assumption, identified the cause of his personal honor and his official integrity and usefulness with the cause of the people of Georgia. The people through an audience representative in character and number, embodied the proper feelings of a community of interest between themselves and their chosen champion, who, in a hundred trying situations, have never, qualified or wa-

Hieratic, declaimers in columns, have all attempted to mislead the people of Georgia as to the public acts of Hon. B. H. Hill, or as to the motive inspiring those acts. We are gratified for the sake of Georgia more than for Mr. Hill's sake, that he made no effort to expose the public lies.

The speech is simply indescribable. Measures of the most noted distinction of Mr. Hill in the display of his marvelous power thrilled the hearts of old men, young men, Dicks Hall and Bush Arbor were ravished a thousand hearts—which twelve months ago offered praise to the conqueror of Blaine, and the defender of a long oppressed and foully slandered South. We are at a loss to guess the arguments and devices to which Mr. Hill's enemies will now be driven. He has answered fully and completely all that has been charged against him; and has shown that a conspiracy to injure his claims on the legislature for election to United States Senator has been organized, and been working in Washington and here. Will it succeed in defeating him? If so, the republican party will have more to rejoice over than any one else. They have rendered all the assistance in their power to defeat him.

MR. HERBERT FIELDER.

This gentleman, who has been seen about the city for the last two or three days, requiring the sympathy of the host of friends he has in and out of the legislature, but apparently taking no part in the senatorial race, it will be remembered, he received a highly complimentary vote four years ago in the race between Gordon, Stephens and Hill. His name is mentioned often in what is known as "The Field." He would be a formidable competitor, but it is understood he does not desire the position.

The check that Pelton sent to Oregon was returned unused. The two checks that old Zach Chandler sent to New Orleans were snatched up by Packard, who no doubt put the money where it would do the most good. Z. Chandler is to get himself killed, and the other knaves who surround him, into serious trouble.

Mr. TILDEN and Hayes both decline to express an opinion in regard to the compromise bill providing for the count of the electoral vote. Governor Hendricks, it is hinted, warmly approves the measure.

The recanvass of the Florida returns, in accordance with the order of the supreme court, gives the Tilden electors one hundred and ninety-four majority.

Miss LOUISA A. JOHNSON has been nominated by the president for postmistress at Griffin.

JAMES S. KENNARD, of Georgia, has had his political disabilities removed.

MY DREAM.

BY REDDIE ABBOTT.

I had a happy dream last night: It gave me no sorrows yesterday.

(The project must be far from blue, But only take my leisure.)

I dreamed—and while my dream remained I did not wake—I saw myself in his workshop, the master of all art.

He said to me, "Come, we'll go to work."

"We'll make a new world—just as we made the old world."

"This world!" I exulted more and more. (I knew it well enough before.)

In commemoration of the fast trip across the continent, made by Jarrett and Palmer last June, Mr. Samuel Carpenter, passenger agent of the Rock Island, was presented with a silver service, consisting of a book containing his initials at the tickets used on the various roads, handsomely engraved and enclosed in a massive silver case. The contents of the box are—silver cups, saucers and saucer-spoons. Laying claim to man of this section, were present at the ceremony.

The public will be very careful not to let this news pass without notice.

Mr. W. P. Franklin, a lawyer in the service of the Rock Island, was present at the presentation.

Another San Francisco church, the Presbyterian church at Arkansas, has been dedicated, numbers ten for a brother and sister, and the minister, Rev. Mr. C. H. Bennett, has given his services to the church.

The Presbyterians of east Florida return, in accordance with the order of the supreme court, gives the Tilden electors one hundred and ninety-four majority.

The New York Times has been nominated by the president for postmistress at Griffin.

JOHN S. KENNARD, of Georgia, has had his political disabilities removed.

THE PRESBYTERIAN CHURCH.

St. Peter's church, West Chester, N. Y., was destroyed by fire on the 8th. The damage is estimated at \$10,000.

THE FREE WILT BAPTISTS, who practice open communion, and believe in "talking from the pulpit," are quite numerous in the New England states. They now number 663 members.

During the past year they have added 62 churches, 128 ministers and over 4,000 members.

THE AMERICAN people have now forgotten Father Hyacinthe, who resided from the Roman Catholic seminary, and died from Brooklyn. Rev. J. W. Bacon, of New Haven, Conn., writing home from Geneva, says this Hyacinthe died blind as an Episcopalian priest, having lost his power with a pupa, a Congregational church had repudiated Congregationalism.

THE BAPTIST CHURCH.

Rev. E. Z. F. GOLDEN has been assigned to the First Baptist church in Macon to the charge of their chapel.

REV. W. N. REEVES, a wealthy citizen of New Haven, Conn., has resigned the pastorate of the First Baptist church, and has accepted the pastorate of the First Baptist church in Stamford, Conn.

bers.

REV. J. M. GURNEY, L.L.D., seems to be destined again into politics, in which he has a decided interest. He has been elected to the state legislature, and is to be a candidate for governor of Virginia, as president of the Baptist college at Abingdon who has added to his past fame as a scholar and brilliant orator.

ROUNDABOUT IN GEORGIA.

Dr. G. Patrick Woods, of the Hawkinsville Dispatch, refers to a time-honored expression in referring to his life as "a hell." The result of it is that he has had to give up his law practice to his law office, and now he is compelled to ride his horse ten miles to town and take care of his patients. He is a good doctor, and his services are much appreciated.

It is understood that an attempt will be made in the present legislature to repeal the law creating the state board of health. The movement has been well supported by the press.

Retrenchment is a good thing for legislators to talk about, provided the time consumed in talking does not exceed five minutes.

But right there is the rub that takes the "hills off" the law.

Several Atlanta editors have received passes over the Georgia Hills Roads. The passes are signed by John Rollinsbridge, president, and Abijah Crossas, superintendent.

Mrs. A. Friesleben, formerly of this city, died in West Point recently. Her remains were brought to Atlanta for interment.

A West Point lady broke her arm at a skating rink the other day.

The gold mine near Dahlonega is about getting under way again.

From present indications there will be several speeches made against the state board of health.

The time consumed in making these speeches will in all probability exceed the time appropriated to the board.

To a man with a cataract in both eyes this would look like economy, but there are several hundred people in Georgia who have neither cataracts nor whisks in their eyes.

Lieutenant Joseph Gerard, of the United States army, will take charge of the military department of the North Georgia agricultural college.

Dr. Patrick Woods, of the Hawkinsville Dispatch, is bringing over a hog weighing only four hundred and fifty-six pounds.

Dublin, in Laurens county, has no shoemaker in the town and only one blanket in the jail. The shoemaker can be dispensed with, but the thought of only one blanket in the jail causes the most prominent citizens to feel chills.

Brocka county is entirely out of debt, and has a surplus in the treasury.

The gin house of Mr. W. N. Reedy, in Quitman county, was burned by an incendiary on the night of the 1st.

There are five thousand six hundred and nineteen persons in Harris county unable to read.

The editor of the Hawkinsville Review is very near being elected coroner.

Waterman, of the LaGrange Reporter, has already begun to bewail the fate of the code, and to sympathize with country lines.

In the contest between Mr. Tison, dean, and Jim Blue, of Glynn, colored, the committee of the house reported unanimously that Blue was entitled to his seat. Another evidence that the Georgia democrats are inclined to intimidate and oppress the down-trodden African.

The presence of the circus in Augusta is somewhat demoralizing. Wilhelm Moore has been caught in the act of walking on his hands in an alleyway, while Jean Maxwell has been seen skinning the cat on a clothes-line.

Mr. Tilden was invited to attend a masquerade ball in Hawkinsville on New Year's night, but he was unable to be present.

The recent cold weather hasn't injured the wheat.

Dr. E. V. Branham, formerly of Covington, has located in Burke county. He is a young gentilman of culture, and an excellent physician.

The gin-house of Dr. W. B. Jones, of Burke county, was accidentally burned down.

Mr. S. W. Roberts, of the Louisville News and Farmer, has disposed of his interest in that excellent weekly to Mr. R. J. Boyd, his former partner.

Mr. Boyd is leaving June 1st. Jim Bennett ought to know of this. He has had enough of May to make him sick.

Col. Charles C. Jones, Jr., of New York, is in Savannah.

The Cherokee Georgian: "We have upon our exchange list, Georgia papers, which will compare favorably with the best journals published in any state."

First, there is THE ATLANTA CONSTRUCTOR, the pride of the state, and, we believe, the most liberally patronized journal in Georgia. A real newspaper, always containing the very latest news from all parts, sound in politics, edited by brilliant writers, and judging from its prosperity, its finances are looked after by a good business manager. May its shadow never grow less."

The Macon Telegraph is informed by Dr. Wellford, that the Macon and Brunswick railroad is in a better condition now than ever it was, and that all the net earnings, having been purchased and the rolling stock ample to meet the demands of the freight and passenger business of the road.

Held without a Doctor.

Though we would by no means be inclined to keep up, but to add to it such improvements as come within reach of its means, and the result has been very satisfactory. The track is now better than it was, and that all the net earnings, having been purchased and the rolling stock ample to meet the demands of the freight and passenger business of the road.

NERVOSUS DEBILITY.

With nervousness or depression, especially induced, feelings, memory, or courage; the result of mental over-work, indecision, or excesses, or even drapery, the system is always causing trouble.

Dr. J. C. Palmer, No. 10 Whitehall Street, Itasca, Illinois, has invented a system, and improved the system, displays the glee and despondency, impulsive strength and energy, the brain and voluntary action, the effects of fatigue and exposure.

He has sold his system to the public.
